

Beneficiary Study for the 2010 year 3-4-11

How many employees from your business, or their family members, benefited during 2010 from agencies which receive United Way funding? Find the answers below, but keep in mind that these numbers are minimums. Information was supplied by the agencies and is not comprehensive. There may be some duplication between agencies. (For example, one person may have accessed services from several different agencies.) Agencies touch many lives for which there are no records kept. For more information call 608-365-4451 or e-mail us at statelineunitedway@unitedway.com
