Congratulations on Your New Job!

Your employer is a strong supporter of the Stateline Area. You can also support your community by giving to Stateline United Way.

Your employer is interested in the welfare of you and your family. Stateline United Way raises funds that support 26 human service agencies providing health, family, emergency and youth services on a year-round basis to residents of the Beloit, South Beloit, Clinton, Rockton and Roscoe areas. Some of those programs address needs of people in crisis, while others are working to insure problems don't happen in the first place.

Your fellow employees are making contributions to Stateline United Way through payroll deduction. If you made a pledge at your former place of work, we'd like to give you the opportunity to honor that pledge by signing up again now through your new place of employment. If you did not previously make a pledge, we urge you to begin supporting Stateline United Way now.

We're asking you to help make a difference in the lives of many in our community by considering a gift to Stateline United Way. How much you give is up to you. United Way doesn't want you to give more than you can afford. It does ask you to look into your heart. How else can you help so many people with just one gift? Your gift stays in the Stateline Area to help more than 65,000 people each year to access health and human services. A pledge form is attached should you decide to help. If you want more information about Stateline United Way just call 608-365-4451 or e-mail unitedway@statelineunitedway.com.
